JAKUB RYSZARD NOWAK
Junior Software Engineer

My name is Jakub but everyone calls me Kuba I'm 22 years old and live in the Netherlands.

When i was younger i had always an interest in computers.
So i signed up for a education about IT and did that for 1 year when eventually i had more interest in software then hardware.
So my school offered me to switch my education to software development.
After 4 year i finished my education and work for Rent A Geek B.V in Alkmaar as a full-stack developer for almost a year.
